Title: Addition of Alternative 20-Slide Basket

[REASON AND DESCRIPTION FOR CHANGE]

Due to difficulty in procuring base material for the current 20-slide baskets (4768), the manufacturer decided to use the alternative material (RENATUS®). With this change, the basket color is changed to white.

Left: alternative basket
Right: current basket

NOTE:

The quality and performance of alternative 20-slide baskets were proved equal to the current 20-slide baskets through evaluation testing by the manufacturer. The alternative basket is planned to be supplied from the beginning of the year 2022.

However, note that the change is just a temporary expedient until the current base material can be obtained sufficiently and stably.
